

TITAN CITY HOOKLOADERS

THE HYVA TITAN CITY

Engineered to go to every small corner of the world, the Titan City is the best choice for operators and drivers alike.

- **Developed specifically for use with light commercial vehicles.**
- **Bringing Titan boltable mounting to lighter hookloaders.**
- **Improved, higher performance steel structure.**

The well-known Titan mounting has already won over many hearts and minds in the medium to heavy truck classes and is here to stay. The Titan boltable mounting makes building the hookloader to a truck a breeze. This is further supported with chassis specific kits allowing for the best joining of truck and hookloader.

EASY MOUNTING

The Titan series offers an easy way of mounting. Joining the hookloader to the truck with a chassis specific mounting kit achieves repeatable quality time and time again. Hyva prides itself in creating chassis specific kits for every chassis.

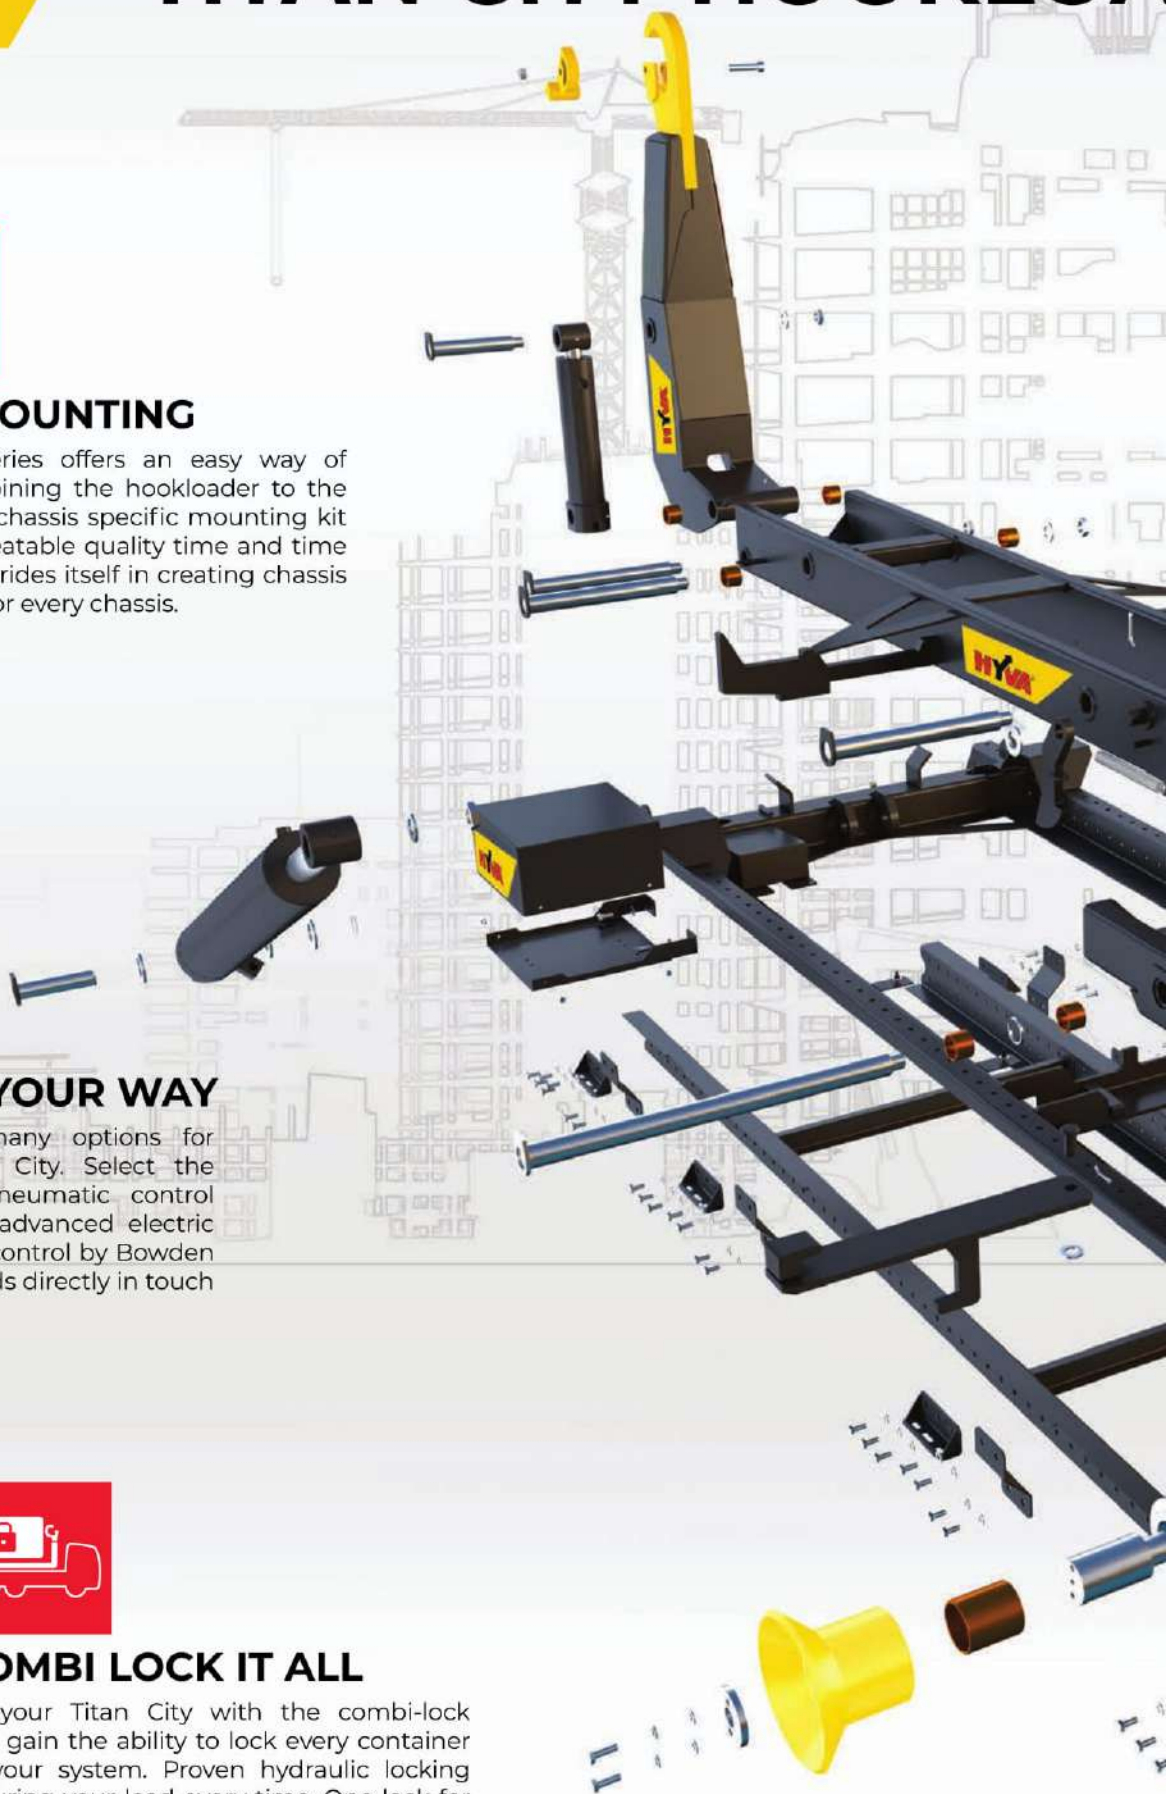

CONTROL IT YOUR WAY

Select one of the many options for controlling your Titan City. Select the operators' favourite pneumatic control or go with the more advanced electric system. We even offer control by Bowden cable putting your hands directly in touch with the flow.

COMBI LOCK IT ALL

Fit your Titan City with the combi-lock and gain the ability to lock every container to your system. Proven hydraulic locking securing your load every time. One lock for both outside and inside locking.

ADER FEATURES

FACTORY END COAT

Coated in a highly corrosion resistant end coat, the Titan City will stand the test of time. Standard coated in sleek black end coat from the factory. With the option to be coated in any colour, as long as there is a RAL code for it.

BOLT IT ALL ACCESSORIES

The new Titan City features a line of accessories that can be bolted straight onto the hookloader. No more searching for space on the chassis or leaving out comfort functionalities with a Titan City. The specially designed brackets can hold a wide variety of accessories from toolboxes to fenders.

VERSATILE

Engineered to be used in a wide range of applications, the Titan City brings versatility to the operator. Whether it is transporting small construction equipment or collecting waste the Titan City supports it all.
